### • **A Personal Approach to Home Healthcare**

Go where your personal touch and professional abilities are appreciated. Whether you're seeking on-going private duty nursing positions or work on a more intermittent basis, we're dedicated to supporting you every step of the way.

### • **Taking the Hassel Out of the Process**

With MGA's streamlined application process we take care of important details such as compliance, certification, and licensing all while providing you with comprehensive liability coverage.

### • **Design Your Own Days**

Whether you are in school, raising a family, or working another position MGA offers the freedom of flexibility. From a variety of pediatric cases, to full time employment and intermittent part time work, to weekdays, weeknights, and weekends - you choose your specialty, schedule and the quantity of work you desire.

### • **Competitive and Consistent Income**

Work for competitive pay rates in one of the fastest growing health care industries with the support of our dedicated administrative and clinical staff. MGA has a broad network of partners including doctor's offices, hospitals, government and insurance agencies which enable us to consistently find new patients and provide the pay and position you desire.

### • **Opportunities For All Levels of Experience**

From low acuity cases for recent graduates to complex challenging cases for seasoned professionals, we provide consistent and diverse opportunities to match your level of experience.

### • **Supporting You For Success**

At MGA we're with you throughout the home healthcare process. Our clinical and administrative teams are available to you 24/7 to ensure your happiness and success.
