

## Bilingual Clinic Staff

Catapult looks for Bilingual LVN's and RN's that are able to travel mobile clinic events on site at our employer clients' workplace. The ideal candidate has a **passion for wellness** and exudes our Core Values. In addition to our rewarding mission, **competitive pay** and **flexible hours** are two things our current clinic staff recognize us for. This is a PRN position.

### Licensed Vocational Nurse / Registered Nurse

Core to the position: performing blood tests via finger stick, measuring blood pressure and BMI, working with a custom-built EMR system while providing high end patient service.

### Nurse Practitioners

The Nurse Practitioner is responsible for performing targeted preventive health assessments via remote consult to our national clients. Laboratory accurate blood chemistry analysis allows us identify patients requiring management of chronic conditions.

### Why work at Catapult Health?

- + **Flexible work schedules** Self scheduler tool for PRN work
- + **Competitive pay** with hourly rates and bonuses available
- + Most **days end by 1:00PM** allowing you to enjoy your day!
- + **Educate and motivate** patients to improve their health and wellness

#### Qualifications LVN/RN

- Currently licensed and able to administer vaccinations
- First aid / CPR / AED certification
- Must successfully complete the Catapult Health training process
- Bilingual preferred
- Ability to travel with sufficient notice

#### Qualifications NP

- Current State License as an APRN
- Current National certification as FNP or ANP
- Master's Degree
- Must successfully complete the Catapult Health training program
- Bilingual preferred
- Willingness to be licensed in additional states
